

Healing Your Pain to Get You Active Again

Sports Centre Physiotherapy Requires a Full Time Physiotherapist

The recently moved and expanded Sports Centre Physiotherapy is an Island leader in sports physiotherapy. Located in Charlottetown, PEI our spacious new 3000 square foot facility is busy with active clientele and we need an enterprising physiotherapist to work with this dynamic population.

Candidate will be responsible for managing a caseload of approximately 15 to 20 patients a day, providing an educational seminar every year, and continuing their education through course work. Our professional team consists of 3 physiotherapists, a massage therapist, a classical acupuncturist, and 2 kinesiologists. We are in the process of hiring another massage therapist now and have begun negotiations with a chiropractor to join our clinic. We intend to expand our services to 10 professionals within the next two years. We have just implemented a sports medicine injury clinic and intend to start injury prevention programs as we gain more staff. Our therapists have the respect of the local medical professionals and community because we provide evidence based and effective treatments. We continue to progress through new programs and services without compromising quality.

We are looking for an established physiotherapist or new graduate that has a previous background in athletics as a participant and/or as a physiotherapist. You must be able to demonstrate competence in assessment, treatment, and clinical reasoning. You must have successfully completed the national exam.

- Paid per patient, salary ranges with experience.
- Paid statutory holidays and vacation pay.
- \$2500 educational package
- Job to start ASAP
